

## Specification – Di Sulfo Aniline

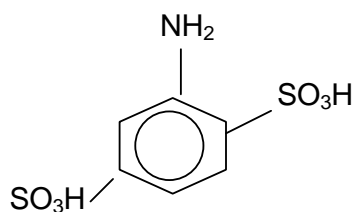

Product Name : Aniline 2:5 Di Sulfonic Acid

Trade Name : Di Sulpho Aniline

Molecular Weight : 253 Grams/Mole

Empirical Formula :  $C_6 H_7 S_2 O_6 N$

Structural Formula :

Purity : Min. 80%

Insoluble matters : Max. 0.20%

Solubility : Soluble in water

Physical Appearance : White Powder

Basis of Sale : On 100% real basis

Packing : 25kgs HDPE Drums with two PE liners inside
